

Barrière, BC

FORKLIFT OPERATOR

Are you interested in joining a dynamic team and becoming a key member of our fast-growing organization? Located in the community of Barrière, Woodco focuses on milling timbers and cants and other wood products not easily found in conventional lumber supply outlets.

Roles/Responsibilities

To operate the forklift in a safe and efficient manner in support of all milling and shipping functions. This includes:

- Removing tagged packages from the scragg and bandmill and storing them in the lumber yard in their designated locations
- Supporting the package saw by supplying with lumber packages to be cut and removing lumber packages for storage in the lumber yard
- Feeding packages to the select resaw and auto edger
- Loading lumber trucks as directed by the shipping manager
- Ensuring forklift is maintained as per the operator's manual and any repairs are identified and the supervisor is notified (this includes pre-trip inspections for fluid levels, greasing & tire pressures etc.)
- Cleaning the forklift weekly - includes inside and out - remove all garbage and clean
- Ensuring all equipment is shutdown, stored and secured prior to leaving the site

There are opportunities for growth and advancement where skill levels and attitudes are aligned.

Shift

5 days per week, 7:00am - 4:30pm (9hrs per day), ½ hour lunch on employee time and 2x 15min coffee breaks paid. Days may go longer if trucks require loading past normal working hours.

Pay

\$20 per hour*. *One (1) hour of overtime paid daily (overtime paid for hours greater than 8 per day).

Reporting to: Lumber Yard and Shipping Manager - Allen Brown
